

REPUBLIC SERVICES OF KY, LLC

Dear City / County / HOA Officials:

Peak yard waste season is here with leaves, branches etc. Please note in your community newsletters, websites or any other communication opportunity that we can only pick up a maximum of (15) fifteen yard waste bags per week...no more than 50lbs , strong enough not to tear when picked up or (7) tied branch bundles – no more than 4 ft long, branches cannot exceed 6” in diameter, bundle cannot weigh more than 50lbs. Branches in carts must be cut down and cannot extend more than 12” above the cart rim and no more than 50lbs. We have had cases where customers have lawn services and set out as many as 75-100 bags curbside and expect them to be picked up on that weeks service day. With our limitation of D.O. T. hours our employees cannot be on the road in excess of that limitation and the need to service thousands of homes per day and not be out until late night we must limit the amount of pickup.

Also note that branches twigs cannot be more than 6” in diameter or 4 ft. in length and must be tied or bundled , not thrown loose at the curb. Landscape timbers , firewood are not considered yard waste. If a container is used for yard waste it must be marked / labeled “ Yard Waste”. Call ID Customer Service @ 638.9000 and we will send out peel and stick yard waste decals at no charge.

In most cases, except where noted by contract , yard waste service ends on January 15th to accommodate Christmas tree pickup. Also, please note extremely large trees (greater than 6ft.) need to be cut in half.

I’m sure you understand and appreciate our position. Safety and Excellent Service are our goals. We greatly appreciate your cooperation. Any questions please give me a call @ 624.2900 ext. 236. Note in your communications any questions from the general public regarding yard waste should be directed to ID Customer Service @ 638.9000

Sincerely,

Michael L. Patterson
